## OBJECTIVES

- Design and conduct library programs that will enhance student achievement and educate users in becoming active and discriminating users of information;
- Build and organize a collection that matches the information needs of the students, employees, alumni and local community;
- Provide library users easy access to quality information;
- Provide a conducive learning environment for reading and research;
  - Provide facilities and equipment including the sustainable digital infrastructure needed to support expanding modes of communication, research, and instruction;
    - Provide access to comprehensive research materials of the locality.

## Library Hours

Mondays to Fridays  
7:30 AM to 5:00 PM
