

The Tourism Management Department of the College of Business and Management conducted a free seminar-training on Housekeeping held at the TAU Hostel on October 11, 2024. The activity was organized for interested community youth residing in the vicinity of the University. The seminar aimed to equip participants with both theoretical and practical knowledge on housekeeping, serving as a foundation for those aspiring to obtain the National Certificate II (NC II) in Housekeeping offered by Technical Education and Skills Development Authority (TESDA). Through this initiative, the department strengthened its commitment to community engagement and skills development, empowering the youth with competencies relevant to the hospitality industry.
